Individual poster Instructions

We are all very excited about the posters at HBES 2022. Although trying to keep everything similar to the last year, we are still trying to work out the logistics and appreciate your patience.

When is my poster due? All posters are due by **June 13th**.

When and where is the poster session?

The program committee will publish the schedule on the conference website soon. The poster session will take place in the [Ohayay](#) platform, on Thursday 23rd of June between 8:50-11:00 UTC. Specific room assignments will be added to the program the week of the conference so you know where to navigate within the Ohayay platform.

How should I prepare my poster?

Please, create your poster in **PDFs in a 4:3 ratio**. Please, make sure your .pdf file contains the title of your poster in the following format "poster title.pdf". Then, you will need to submit the .pdf file to HBES 2022 OSF using the submission instructions detailed in the next section. Your poster should include the title and authors' names.

How do I submit my poster?

Send your poster (.pdf) as an attachment **via email**. From your email you will send the email to HBES2022-poster@osf.io, and the format of the email must be as follows:

Subject

Poster title (the same as your .pdf file name)

Message body

Poster abstract

Attachment

Your poster file (.pdf file with your poster)

For support & trouble-shooting, please go to <https://help.osf.io/article/232-submit-to-a-meeting>

For technical questions, we ask that you submit them to OSF:
